

Ezycare Fencing

Aluminium Woodgrain Slats

Ezycare Fencing is a family owned and operated small business offering fencing, gates and screening products with exceptional quality and value for money.

As the name suggests your timber gates and fence panels can now be made using our durable aluminium slats. Available in a range of Knotwood woodgrain colours this is the future of good looking low maintenance timber fencing and gates. Ideal for coastal environments, a light weight yet sturdy product which will add an attractive feature to your home.

- Environmentally friendly
- Wont warp, splinter or crack
- Never needs oiling or painting
- Termite and other insect proof

If it's not a timber look you are after our slats are also available in a wide range of non-woodgrain powder coat colours

Fixed louvres for gates and screens.

Pool safe aluminium privacy screens for around your pool.

Replace timber with aluminium and still retain that traditional appearance.

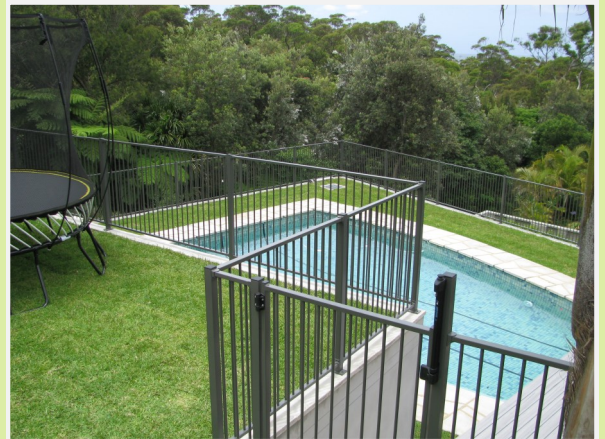

Tubular pool, garden and security fencing & gates

Our tubular fencing is available in a vast array of designs and colours and is manufactured to suit your application and location. Tubular aluminium is used for pool fencing, decorative garden fencing, infill panels between piers, security fencing and gates. We specialise in bringing the wrought iron balustrade effect to you at a fraction of the cost with some of our great designs.

Our pool fencing always measures up to Australian Standard pool regulations and all pool gates come with the award winning Magna Latch which is keylockable. All materials we use are of the highest quality and where possible we source Australian made products. We use only aluminium which when chromated prior to powdercoating offers a fantastic durable product built to last in the harsh Australian outdoors. This will ensure that with a little care your fencing will look great for years to come.

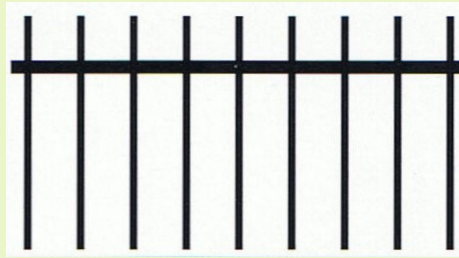

Most Australians wish to feel safe in their home, at Ezycare Fencing we can provide you with a range of access gates. From keylockable or deadlockable single gates to double or sliding driveway/entry gates. Manual or automated.

NOTE: If you have seen or like a different design we can usually custom build this for you.

We can offer you advice or an obligation free quote. Your product is fully guaranteed from defects for 12 months from the purchase date. Further warranties on our coatings apply: 15 years on Knotwood woodgrain finishes*
7 years on standard powdercoat finishes*

***Care and maintenance:** In order to ensure your fencing remains in good condition and to protect any warranties that may apply you should hose regularly with fresh water and wash occasionally with warm soapy water (Once every 12 months in normal environments) In coastal environments cleaning should be every 3 months. In severe marine environments such as beachfronts cleaning must take place every month. **Do not use any abrasive or chemical cleaning products.**
